MOBILE TYRE EXPERTS 24/7

NFC smart card · complete handover pack · prepared by Nexaura Consultant · 4 Nov 2026

NFC CARD DESIGN

Front

Back

Card size 85.6 × 54 mm (standard CR80 NFC card). Colours: road black #111316 / #15171A, safety amber #FFC21A, white #F3F2EE. Font: Barlow Condensed (headings) + Barlow (text).

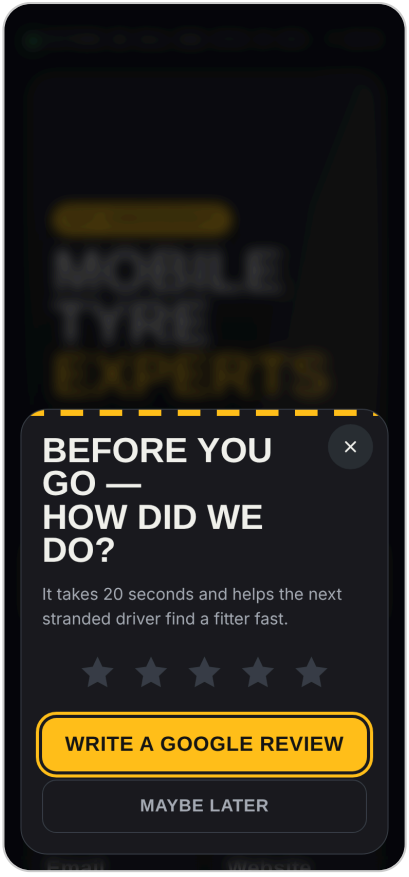

BUSINESS DETAILS ON THE CARD

Business name	Mobile Tyre Experts 24/7 Ltd
Main phone (Call)	07419 178888
WhatsApp / Alt. phone	07340 084756
Email	support@mobiletyreexperts.co.uk
Website	mobiletyreexperts.co.uk
Address (Directions)	25 Walnut Tree Rd, Hounslow TW5 0LP
Hours	Open 24 hours, 7 days (incl. holidays)
Services	Puncture repair · Onsite tyre fitting · Battery replacement · Tyre inspection · Wheel balancing · Wheel rotation
Facebook	`facebook.com/people/Mobile-Tyre-Experts-247-Ltd/61558576555931`
Instagram	`instagram.com/mobiletyre_experts`
YouTube	`youtube.com/channel/UCePuNIo91Dk1lMOam8ll5lw`
Google listing	5.0★ · 164 reviews (Hounslow listing)
Google review button	`google.com/maps/search/?api=1&query=Mobile+Tyre+Experts+25+Walnut+Tree+Rd+Hounslow+TW5+0LP`

TAP PAGE PREVIEW

Opens on tap · 3D wheel plays live

Review popup when visitor goes Back

HOW THE REVIEW POPUP WORKS

Page opens	No popup. Customer sees call, WhatsApp, directions and Save Contact.
Back / swipe-back	Page stays, popup appears: "Before you go — how did we do?"
Desktop: mouse to close / tab bar	Popup appears (only after the visitor has used the page for 3 seconds).
Switches to call / WhatsApp and returns	Popup is waiting when they come back.
Stars or "Write a Google review"	Opens the business's Google Maps listing to leave the review.
"Maybe later"	Closes the popup and takes them back where they were going.
× close	Closes the popup; the next Back leaves the page normally.
Frequency	Once per visit, so it never nags.

> A website cannot post a Google review for the customer. The customer always taps the stars and "Post" inside Google. For a link that opens the review box straight away, the owner can copy it from Google Business Profile → "Ask for reviews" (g.page/r/…/review) and replace **GOOGLE_REVIEW_URL** at the top of the script in index.html.

SAVE CONTACT (CONTACT.VCF) SAVES

Name, company, both phone numbers, email, website, Hounslow address, Facebook and Instagram, and a services note.

GO LIVE ON GITHUB PAGES

1. Create a new repo (e.g. `tag_mobiletyre`) on the same GitHub account as tag_nexaura.
2. Upload **index.html** and **contact.vcf** to the root of the repo — same folder, those exact names.
3. Settings → Pages → Source: *Deploy from a branch* → `main` / root → Save.
4. After a minute the page is live at `https://<github-user>.github.io/tag_mobiletyre/`.
5. Write that link to the NFC tag (NFC Tools app → Write → Add a record → URL).
6. Test on a phone: tap the card, press Save Contact, then press Back to see the review popup.

PRINT CHECKLIST

1. Go live first (steps above) so you have the final page link.
2. Make a QR of the **Google review button link** (table above) at any free QR maker and place it in the white box on the card back.

3. Write the live page link to the NFC chip, then test with two phones (iPhone + Android).
